DEV GALLERY

Share. Discover. Get Feedback.

Made by Justyn Odyjas & Igor Maciejewski

Why? The Answer is simple: For Devs, by Devs.

Have you ever wanted to share your project with someone a bit more competent than your non-technical friends? Now you can use Dev Gallery to **showcase your idea** or project and **get valuable feedback**.

Frontend Developer - React/TypeSc...

We are looking for an experienced frontend developer to work on an e-commerce platform. Minimum 3 years of experience with React and TypeScript required.

Contact: hr@techcompany.pl

Technologies: React, TypeScript, Next.js, Tailwind CSS

Development time: 6 month(s)

How?

Running on the IPC blockchain network - safe, anonymous, and made just for you.

Login with Internet Identity to share your ideas and give feedback to fellow developers.

Who?

The project is developed by **two Polish students** currently attending a technical high school in the programming technician program. We may have limited experience in web development, but **we're eager to learn and improve.**

Justyn Odyjas

Backend, Leader, Funny, Handsome

Igor Maciejewski

Frontend, Perfectionist, Smart, Efficient

Roadmap?

Sure! We plan to upgrade our app with a **built-in chat** and messaging system. You'll be able to communicate with others and reach out to developers interested in your project. We also plan to add other cool features to make the platform **even more useful and engaging**.

1

Upgrade,

- Ability to post devlogs
- Making logged in users able to join to the projects
- Ability to sort projects by their score (votes)

2

New Features,

- Built-in chat

3

Monetization.

- Ability to promote your projects
- Potentially adding ads
